A program of the Child Care and Development Fund - Department of Workforce Services –  
Office of Child Care & Utah State University – College of Education & Human Services –  
Human Development and Family Studies. Utah State University is an affirmative action/equal opportunity employer.

Why Are Summer Activities Important?

Seventy-six percent of all Utah school age children 5-12 years old have parents in the work force, creating the potential for many children to be left unattended. Many children are not prepared to be left home alone. Children in self-care are more likely to engage in risky behaviors, be truant from school, experience stress, have poor grades and abuse substances. They are susceptible to feelings of loneliness, fear and boredom.

Summer activities are a wonderful way to offer fun, constructive activities to occupy your children’s time. Summer activities can give your children learning opportunities that not only help to ease their boredom, but can also help them become well-rounded, socially capable adults.

We, at Care About Childcare - USU, have gathered this list of possible summer activities that may be of interest to you and your children. We hope that you will take the time to talk to your children and help them choose the activities that are best suited to their interests and your needs. Please let us know if we can be of any further service to you.

The mission of the Cache County Library is to promote, enhance, and provide access to library services for all residents of Cache County and to promote equity in access to basic library services across the county for those having difficulty accessing library services, including individuals with disabilities. The mission includes providing materials and services that will enlighten, enrich, and satisfy the informational, recreational, and cultural needs of the patrons and communities it serves.

The Cache County Library is available to anyone living in Cache County. Anyone 5 years and older may have a library card free of charge. We encourage literacy and education by providing a variety of reading material, audiobooks, DVDs, programs, and services.

Programs and services include things such as the summer a reading program that is provided for all ages. In the fall, winter, and spring we have story time for ages 3-5. The library bulletin board posts current events and community information for the general public. Computers are available for patron use and test proctoring is offered free of charge.

*Call for information on summer reading programs!

Up to 3 Early Intervention
Run, Walk, and Roll Fundraiser Race will be June 22, 2019!
Welcome to our 4th annual Run, Walk & Roll Fundraiser Race! Do you want to come to have a good time with your friends and family while supporting a great local cause? Do you love supporting children and families in your community? Do you want to show how much our community cares about children with special needs? You’ve come to the right place! The annual Run, Walk & roll Fundraiser race supports children with special needs in two ways:
1. Creating a disability-friendly race environment
2. Donating all the proceeds to purchase needed equipment for families with young children that have special needs.
The Run, Walk & Roll is a SUPER family-friendly activity where all are welcome! You can choose between a 5k, a 10k and a 1-mile walk and the route is disability friendly (wheelchairs are welcome). We will have a free breakfast (new) this year for friends and family of our runners along with fun activities for everyone. The race is held in North Logan, Utah and Elk Ridge Park.
Go to www.upto3.org to get yourself and your friends registered today!

Home – Up to 3 Program – Utah State University
The mission of the Up to 3 Early Intervention Program is to promote the development of children, under the age of 3, who have any type of disability or developmental delay and to provide services to children and families living in Cache, Box Elder, and Rich Counties. www.upto3.org.
For more than 30 years, the Youth Conservatory (YC) has helped parents provide the best for their children by fostering the standards of musical excellence in a learning environment filled with enthusiasm and enjoyment. Founded in 1978, the YC occupies a central role among Cache Valley’s cultural programs for young people.

Each week, more than 200 pianists, ages 6 months–18, of varying abilities and backgrounds, come to the Chase Fine Arts Center for piano lessons and musicianship classes. Our unique program offers 30 - 85 minutes of instruction per week, with affordable tuition rates starting at $35 a month. We invite you to take a moment to learn more about our program and see how the Youth Conservatory could benefit your child and your family.
